

# International Symposium on Scientific Research of Traditional Medicine

Initiative for Realizing Diversity in the Research Environment

Date : 10th November 2017 9:00-

Venue : Toyama Dai-ichi Hotel

10-10 Sakuragi-cho, Toyama-city, Toyama 930-0082, Japan

TEL +81-76-442-4411 FAX +81-76-442-4538

Free to attend, on-site registration needed.

9:00- Opening Remarks

Session 1 Chair person: ZhongMei ZOU (Chinese Academy of Medical Sciences, China)

9:10-9:40 1. ChaoMei MA (Inner Mongolia University, China)  
Isolation, Structure Determination, Bioactivity and Pharmacokinetic Investigation of the  
Chemical Constituents of *Terminalia chebula*

9:40-10:00 2. Katsuko KOMATSU (University of Toyama, Japan)  
Sustainable Medicinal Resources: Genetic and Chemical diversity of *Paeonia lactiflora*  
and Development of Branded Peony Root

10:00-10:20 3. YueWei GE (Guangdong Pharmaceutical University, China)  
Study on the Chemistry and Bioactivity of *Eleutherococcus senticosus* Leaves

Poster Session 10:20-11:00 (40 min.)

Session 2 Chair person: Shu Zhu (University of Toyama, Japan)

11:00-11:30 4. Marc LITAUDON (Institut de Chimie des Substances Naturelles, France)  
Terrestrial Plants as Source of Novel Bioactive Secondary Metabolites : Development  
of a Molecular Networking-Based Approach

11:30-11:50 5. ChaoQun WANG (Peking University, China)  
Identification and Quality Evaluation of Ginseng under Forest with Chemical Pattern  
Analysis and Quantitative Analysis via HPLC-DAD and LC-IT-TOF-MS<sup>n</sup>

11:50-12:20 6. ShaoQing CAI (Peking University, China)  
Pharmacodynamic Substances of Tufuling (*Smilax glabra*) and Thinking about Its  
Quality Control

12:20- Closing Remarks

Chairperson : Prof. Katsuko Komatsu  
(Institute of Natural Medicine, University of Toyama)

Secretariat : Dr. Kazufumi Toume, Dr. Shu Zhu  
Division of Pharmacognosy, Institute of Natural Medicine, University of Toyama  
E-mail shigen@inm.u-toyama.ac.jp, TEL+81-76-434-7609, FAX +81-76-434-5064
